SITUATION SUMMARY

Spacecraft Crash– Mohave Desert, Kern County (New/Final)

Virgin Galactic SpaceShipTwo, a suborbital, air-launched spaceplane designed for space tourism crashed in the Mojave Desert, Kern County at approximately 1013 on 10/31/14 during a test flight. Kern County Sheriff's Office has confirmed that there is one fatality.

- Kern County Sheriff Search and Rescue volunteers were able to secure the scene overnight and protect the debris. The current plan is to maintain scene control until released by the National Transportation Safety Board (NTSB). The debris pattern is large and estimated at 5 miles diameter.
- Mutual Aid was requested from San Bernardino County, Ridgecrest Police Department, California City Police Department, California Highway Patrol (CHP), Bureau of Land Management (BLM) and railroad police.
- Per California Public Utilities Commission (CPUC) BNSF and UPRR railways have not been impacted and there has been no noted impact to rail operations.
- Federal Aviation Administration (FAA) has been on scene.
- National Transportation Safety Board (NTSB) is on scene.
- There are currently no unmet needs.

SITUATION SUMMARY

Cal OES Southern Region Rain Event – Silverado, Orange County (New / Final)

Orange County EOC activated yesterday afternoon for an anticipated rain event and concern for a potential debris flow in the Silverado Canyon burn area. This activation was in accordance with The Silverado Post Fire Debris Flow Annex. A Cal OES Southern Region Emergency Services Coordinator (ESC) was sent to Orange County EOC for coordination and assistance. An evacuation advisory, coordinated with agency Public Information Officers and also using AlertOC, was issued at 2100 hours and there was a soft closure, allowing residents only access, for Silverado Canyon Road. A public information hotline was established at 1545 hours and deactivated at 0415 hours; information was also available via social media. Sandbags were delivered to residents, upon request, between 0800 and 1700 hours yesterday; sandbags were also available at the local fire station. Orange County EOC deactivated at 0415 hours today when the danger of debris flow had diminished as the storm had passed.

Cal OES Southern Region Rain Event (Continued) – Camarillo, Ventura County

The same storm came through Ventura County with rain and a mud flow in Camarillo. 11 homes were under a mandatory evacuation due to the mud flow. 1 home had approximately three feet of mud inside the house and was red-tagged; another home was yellow tagged. Four other homes had some mud flow and debris damage inside the house. The remaining five homes had mud and debris in their yard. A shelter was opened at the local American Red Cross Chapter; animal sheltering was not needed. The City of Camarillo is working with residents. There were no EOC activations in Ventura OA. There are no Access and Functional Needs (AFN) or additional unmet needs or requests for state assistance at this time.

SITUATION SUMMARY

PUBLIC HEALTH AND MEDICAL (EF-8) SITUATION REPORT, as of 10/31/14:

- There are currently no suspected or confirmed cases of the Ebola Virus Disease (EVD) in California. At present, the situational assessment for the risk of EVD infection in California remains very low.
- As of October 31, the World Health Organization has reported a cumulative total of 13,567 suspect, probable, and confirmed cases and 4,951 deaths.
- Current guidelines released by CDC are posted on the CDPH website available at: <http://cdph.ca.gov/programs/cder/Pages/Ebola.aspx>
- Guidelines for Emergency Medical Services (EMS) personnel: http://www.emsa.ca.gov/ebola_control

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Active Weather Warnings, Watches and Advisories: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Colder air has filtered over northwest California behind a cold front. Some showers will continue to impact portions of northwest California through this afternoon. Otherwise, a general drying trend is expected into Sunday. The next system may bring some very light rain to Del Norte and northern Humboldt Counties Monday and Tuesday.

San Francisco Weather:

Showers with possible embedded thunderstorms will continue to impact the region through this afternoon, mainly south of San Francisco. Precipitation will then taper off this evening with dry conditions returning on Sunday. Dry weather and warming temperatures are then in store through much of next week as high pressure builds over the region.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Lingering showers and possibly a few thunderstorms will continue today and diminish this evening. Drier and milder weather is expected for much of next week.

Hanford Weather:

A storm brought rain and high Sierra snow to the district overnight. The weekend will be unseasonably cool with residual showers and higher elevation snow showers through this Saturday night. Dry weather is expected Sunday through Tuesday with patchy late night and morning fog in the San Joaquin Valley. A warming trend will begin Monday and continue through Thursday as high pressure builds into California.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

The storm system will continue to bring periods of rain, mountain snow, possible thunderstorms and gusty winds overnight, and then turn showery by Saturday morning. Next week is expected to be dry and warmer with a ridge of high pressure and offshore flow.

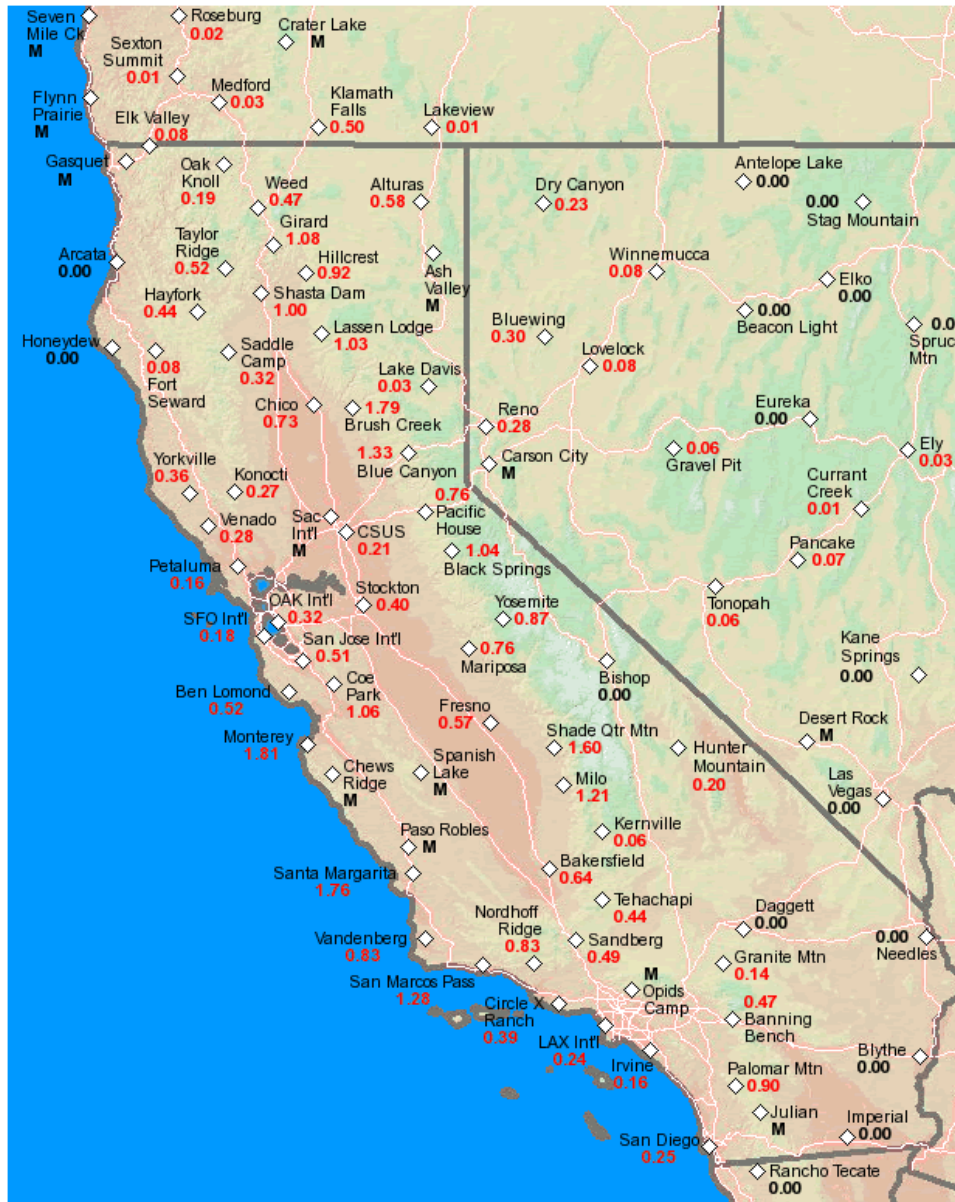

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A cold front moving across Southern California will bring rain and high elevation mountain snow this morning to much of the region. Precipitation will taper off later today to scattered rain and high elevation snow showers with partly to mostly cloudy skies at times. Another surge of moisture tonight will bring additional rain and high elevation snow showers with a good chance of additional measurable precipitation across the San Diego region. It will then gradually become drier and warmer next week with high pressure aloft and weak to moderate offshore flow at times.

Southeast California Weather:

Significantly cooler temperatures will arrive this weekend as a low pressure system and cold front push through the desert southwest. Highs will drop into the upper 70s and low 80s on Saturday, falling to the upper 60s and lower 70s on Sunday. In addition to the cooler temperatures, occasionally breezy conditions can be expected through the weekend. A gradual warming trend will begin during the middle of next week as high pressure aloft returns to the area.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Recovery Activities

- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The filing deadline to return applications for property damage is 12/01/14. The deadline to return economic injury applications is 07/01/15.
- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL will continue to provide guidance to the LTRG group and is meeting with subcommittees on 10/29/14, and the Executive Board on 10/30/14.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyou.edu/humanresources/documents/fireresourcelist.pdf>. Additional information on recovery efforts can be found at <https://weed.recovers.org/>.
- Food donations are being accepted at 310 Boles Street.
- CalRecycle is beginning the process of contacting property owners for the removal of trees. Homeowners will be asked to sign a separate Disposition of Tree Agreement (DTA). No tree removal will begin on a property until the DTA is signed. Tree stumps will not be removed. Tree removal is slated to begin next week.
- On 10/28/14, the City of Weed reestablished water pressure to its downtown area; however, the water storage capacity for fire suppression is still lacking. The City expects water storage to be restored by 12/31/14, or sooner if the weather permits.

RECOVERY ACTIVITIES

Boles Incident Vegetation Fire- City of Weed, Siskiyou County

Cal Recycle reports:

Air monitoring activities continue in the work area and surrounding community.

23,795.09 total tons of debris have been removed as of Day 26 of operations (445.23 tons of metal delivered for recycling; 7,827.83 tons of concrete delivered for recycling; and 15,522.03 tons of debris, ash and soil delivered for disposal)

The Numbers as of Day 26

- 133 Sites registered for the removal project (Right-of-Entry, includes library, community center and 2 churches).
- 12 Sites denied entry.
- 133 Sites documented.
- 133 Asbestos surveys completed.
- 65 Sites with asbestos containing material.
- 65 Sites cleared of asbestos containing material.
- 128 Debris removal completed.
- 115 Sites sampled.
- 22 Sample results approved.
- 0 Erosion control completed.
- 0 Approved by City of Weed as ready for a building permit.

Cal OES Deployments

- One (1) Cal OES Recovery staff is assigned.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- Low-interest federal disaster loans are now available to California residents and business owners as a result of President Obama's major disaster declaration. The declaration covers Napa and Solano counties as a result of the South Napa Earthquake and aftershocks that occurred August 24 – September 7, 2014.

Recovery Activities

- The deadline for Cal OES to submit the Request for Public Assistance of potential applicants to be considered for reimbursement for this event ended, 10/24/14. Fifty-nine (59) RPAs were received and nine (9) were withdrawn for a total of fifty (50) RPAs submitted to FEMA. Thirty-One (31) Kickoff Meetings have been completed.
- The Napa Long Term Recovery Committee (LTRC) is in the process of forming its leadership, establishing policies and procedures, and identifying a Mission statement. A follow up meeting is pending.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board. The VERG has reached out to nonprofit partners regarding a general member meeting scheduled for October 31, 2014.
- Local Assistance Center (LAC): County and City of Napa: LAC opened on 09/08/14 at 301 1st Street, Napa (corner of 1st Street and Silverado Trail). On October 29, 2014, FEMA and SBA provided representatives in the Napa LAC, and coordination continues for opening a Disaster Recovery Center in the City of Vallejo. The LAC is open until further notice.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC and REOCs are activated at Level 2 in support of the Drought State of Emergency Monday through Friday, from 0800-1700 hours.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday through Friday, from 0800-1700 hours.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
